

POD-Series

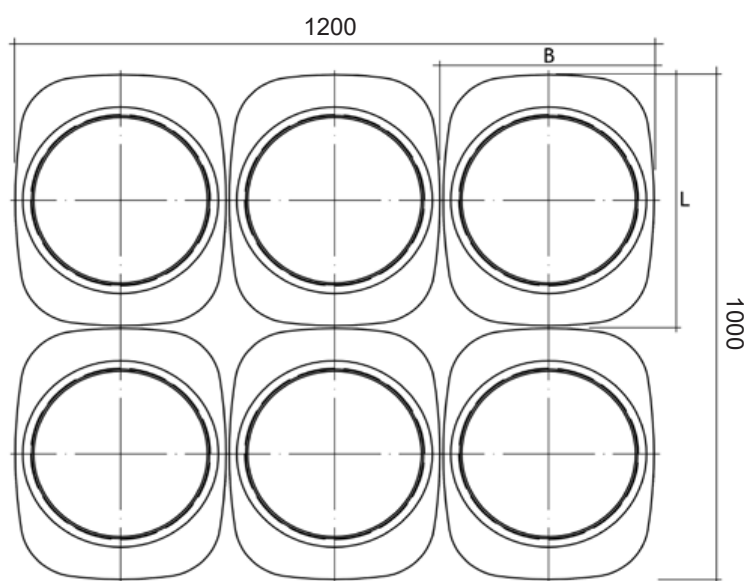

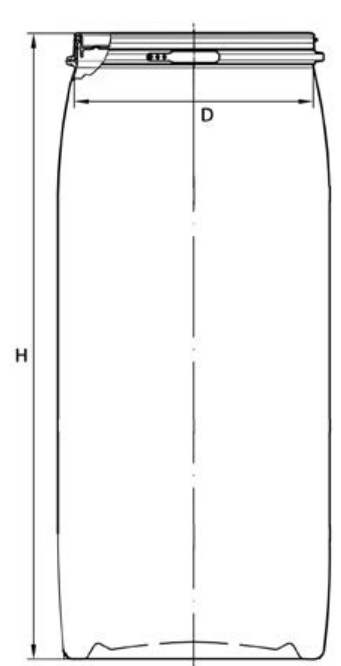

120 liters | 135 liters

- ✓ Pallet drum combines a wide-neck opening with optimal pallet space utilization
- ✓ Efficient Transportation Solution
- ✓ Optionally available palletized and ready for filling
- ✓ Improved Load Securing
- ✓ Versatile
- ✓ Solid Waste Permit on File

Material:

- ✓ HDPE | 100% PCR non UN

Nenninhalt (L) capacity (litres)	Einsatzgewichte (g) nominal tare weights (g)	Abmessungen L / B / H / D body dimensions L / W / H / D (mm)	Stück Palettenlage pieces per layer CP1 1,00 x 1,20m
120	4.700UN	495 / 395 / 896 / 340	6
135	5.000UN	495 / 395 / 964 / 340	6

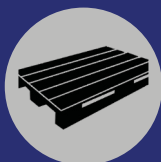

KDF-Series

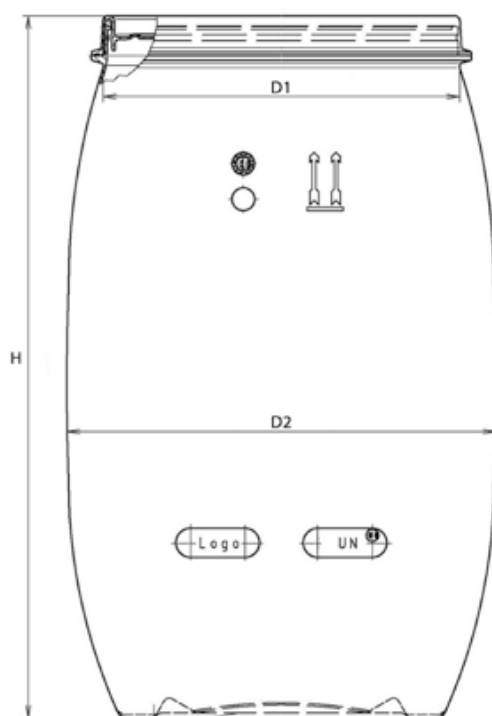

120 L | 150 L | 220 L

- ✓ Customized Solutions for the Waste Management Sector
- ✓ Nestable for efficient transport
- ✓ Secure locking during transport
- ✓ Versatile
- ✓ Solid Waste Permit on File

Material:

- ✓ HDPE | 100% PCR non UN (150L | 220L) | 120L 100% PCR UN

Nenninhalt (L) capacity (litres)	Einsatzgewichte (g) nominal tare weights (g)	Abmessungen H / D1 / D2 body dimensions H / D1 / D2 (mm)	Stück Palettenlage pieces per layer CP1 1,00 x 1,20m
KDF 120	3.650UN / 4.050UN / 4.500UN	791 / 393 / 503	5 / 6
KDF 150	4.900 / 5.350UN	965 / 393 / 503	5 / 6
KDF 220	6.900 / 7.400UN	975 / 470 / 590	4

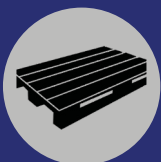

SF-Series

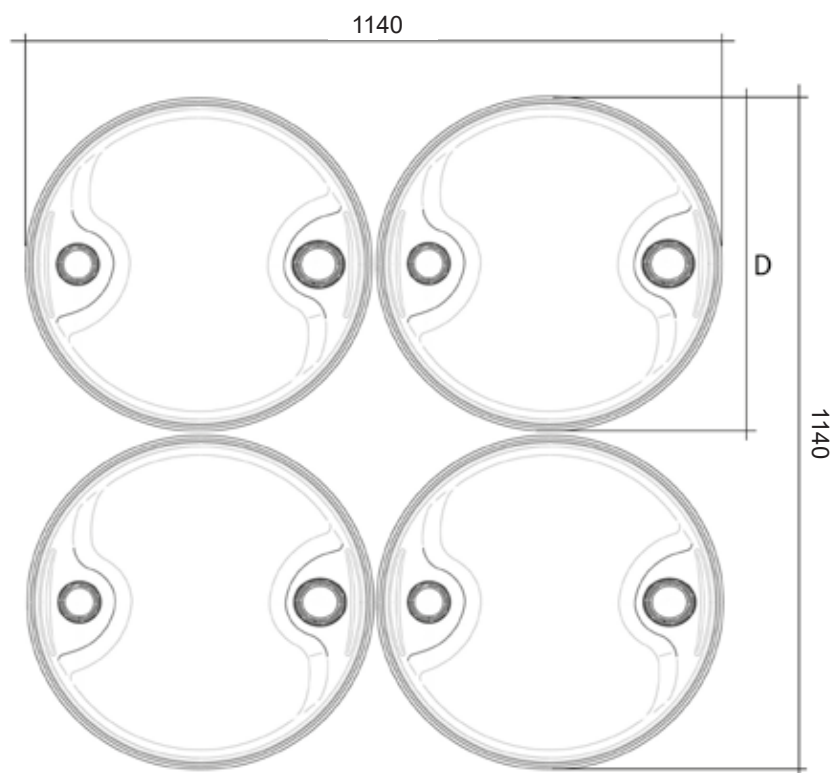

220 liters

- ✓ Largest packaging for liquid hazardous materials
- ✓ Special approval for various dosing systems
- ✓ Perimeter plastic ring
- ✓ Standardized planking openings for industry-standard applications
- ✓ A wide range of accessories is available
- ✓ For a wide range of industrial applications

Material:

- ✓ HDPE | 100% PCR non UN

Nenninhalt (L) capacity (litres)	Einsatzgewichte (g) nominal tare weights (g)	Abmessungen H x D body dimensions H x D (mm)	Stück Palettenlage pieces per layer CP3 1,14 x 1,14m	Mündung / Verschluss neck / closure type
SF 220	8.000 / 8.500UN	942 x 582	4	56x4 / 70x6
